The ability to attend all congresses, or even all sessions at a given congress, is impossible for the busy medical professional. Webcasting provides a means of sharing knowledge and learning opportunities beyond the dates of the actual event and thus serves a vital educational need. Materials are saved locally, but at the same time, can be distributed over the web to viewers around the world via a robust cloud server. Viewers can access the broadcasts using PCs, tablets, or smartphones live (as streamed video) or later, as on-demand webcasts.

Kenes offers two types of webcasting options:*

- Video includes a video screen of the speaker during the session, PowerPoint slides (in sync with the speaker), and audio.
- Digital Imaging includes PowerPoint slides with audio.
- Support will be recognized on the home screen with "Supported by..." and a company logo only
